

A photograph of a traditional Japanese-style interior. In the foreground, a low wooden table (kyozukue) is visible. On the floor, there are several pairs of shoes, including brown leather shoes and colorful sandals. In the background, three children are sitting on the floor, playing with toys. The word "Cabin" is overlaid in large, colorful letters (green, orange, red, blue), and "TM" is in black. The text "Cozy and clean homes" and "Green, Minimal & Economic" are also overlaid in white and green/blue.

# Cabin<sup>TM</sup>

Cozy and clean homes  
**Green**, Minimal & **Economic**

# The Problems:

1. Poorly designed living rooms in our cities;
2. Great indoor designs are either expensive or hard to find;
3. Poor relationships between the landlords and renters, false rooms information;

# Our solution

To build an App that connects great indoor designers/  
studios with users.

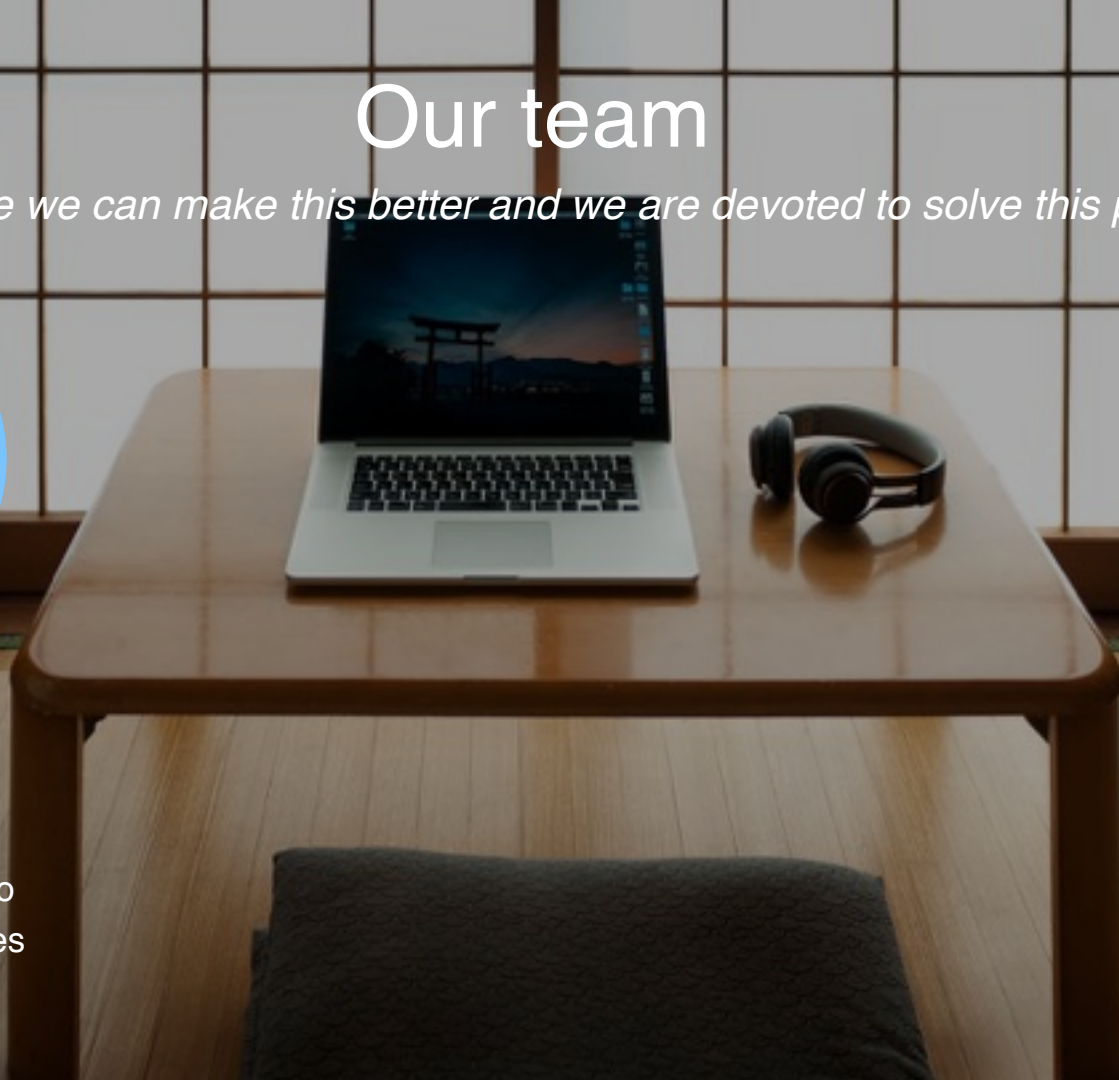

# Our team

*We believe we can make this better and we are devoted to solve this problem*
